

December 26, 2020

The Honorable Johnson Elimo  
Governor, State of Chuuk  
Federated States of Micronesia

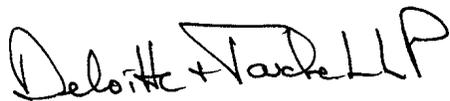

Dear Governor Elimo:

We have performed an audit of the financial statements of the governmental activities, the aggregate discretely presented component units, and each major fund of the State of Chuuk (the State) as of and for the year ended September 30, 2019, in accordance with auditing standards generally accepted in the United States of America ("generally accepted auditing standards") and have issued our report thereon dated December 26, 2020, which includes explanatory paragraphs concerning receivables from the FSM National Government and the impact of COVID-19 and contained qualified opinions with respect to governmental activities expenses and General Fund expenditures and a liability for land leases and related claims payable in the governmental activities and the General Fund.

We have prepared the following comments to assist you in fulfilling your obligation to oversee the financial reporting and disclosure process for which management of the State is responsible.

This report is intended solely for the information and use of the State's management, the Office of the Governor, the Office of the FSM National Public Auditor, federal awarding agencies, pass-through entities, and others within the organization and is not intended to be and should not be used by anyone other than these specified parties. However, this report is also a matter of public record.

Most respectfully,

A handwritten signature in black ink that reads "Deloitte + Touche LLP". The signature is written in a cursive, stylized font.

cc: The Management of the State of Chuuk

## **OUR RESPONSIBILITY UNDER GENERALLY ACCEPTED AUDITING STANDARDS, GENERALLY ACCEPTED GOVERNMENT AUDITING STANDARDS AND THE UNIFORM GUIDANCE**

Our responsibility under (1) generally accepted auditing standards, (2) the standards applicable to financial audits, contained in *Government Auditing Standards*, issued by the Comptroller General of the United States ("generally accepted government auditing standards") (generally accepted auditing standards and generally accepted government auditing standards are collectively referred to herein as the "Auditing Standards") and (3) the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the Uniform Guidance) has been described in our engagement letter dated September 25, 2019. As described in that letter, the objectives of an audit conducted in accordance with the Auditing Standards and the Uniform Guidance are:

- To express an opinion on the fairness of the State's financial statements and the accompanying supplementary information, in relation to the financial statements as a whole, as for the year ended September 30, 2019 (the "financial statements"), in accordance with accounting principles generally accepted in the United States of America ("generally accepted accounting principles"), in all material respects, and to perform specified procedures on the required supplementary information for the year ended September 30, 2019;
- To express an opinion on whether the supplementary information that accompanies the financial statements, including the Schedule of Expenditures of Federal Awards, is fairly stated, in all material respects, in relation to the financial statements as a whole;
- To report on the State's internal control over financial reporting and on its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters for the year ended September 30, 2019, based on an audit of financial statements performed in accordance with generally accepted government auditing standards; and
- To express an opinion on the State's compliance with requirements applicable to each major program and report on the State's internal control over compliance in accordance with Uniform Guidance.

Our responsibilities under the Auditing Standards and Uniform Guidance include forming and expressing an opinion about whether the financial statements that have been prepared with the oversight of management and the Office of the Governor are presented fairly, in all material respects, in conformity with generally accepted accounting principles. The audit of the financial statements does not relieve management or the Office of the Governor of their responsibilities.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether caused by fraud or error. In making those risk assessments, we considered internal control over financial reporting relevant to the State's preparation and fair presentation of the financial statements in order to design audit procedures that were appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the State's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the State's internal control over financial reporting. Our consideration of internal control over financial reporting was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses.

We also considered the State's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance. Our audit does not, however, provide a legal determination of the State's compliance with those requirements.

## SIGNIFICANT ACCOUNTING POLICIES

The State's significant accounting policies are set forth in Note 1 to the State's 2019 financial statements. During the year ended September 30, 2019, there were no significant changes in previously adopted accounting policies or their application, except for the following pronouncements adopted by the State:

- GASB Statement No. 83, *Certain Asset Retirement Obligations*, which addresses accounting and financial reporting for certain asset retirement obligations (AROs) associated with the retirement of a tangible capital asset.
- GASB Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*, which improves the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements.

The implementation of these statements did not have a material effect on the State's financial statements.

In January 2017, GASB issued Statement No. 84, *Fiduciary Activities*, which establishes criteria for identifying fiduciary activities of all state and local governments. The provisions in Statement No. 84 are effective for fiscal years beginning after December 15, 2018. Management does not believe that the implementation of this statement will have a material effect on the financial statements.

In June 2017, GASB issued Statement No. 87, *Leases*, which establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. The provisions in Statement No. 87 are effective for fiscal years beginning after December 15, 2019. Management has yet to determine whether the implementation of this statement will have a material effect on the financial statements.

In June 2018, GASB issued Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*, which requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. The provisions in Statement No. 89 are effective for fiscal years beginning after December 15, 2019. Management does not believe that the implementation of this statement will have a material effect on the financial statements.

In August 2018, GASB issued Statement No. 90, *Majority Equity Interests – an Amendment of GASB Statements No. 14 and No. 61*, which improves the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and the relevance of financial statement information for certain component units. The provisions in Statement No. 90 are effective for fiscal years beginning after December 15, 2018. Management does not believe that the implementation of this statement will have a material effect on the financial statements.

In May 2019, GASB issued Statement No. 91, *Conduit Debt Obligations*, which clarifies the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. The provisions in Statement No. 91 are effective for fiscal years beginning after December 15, 2020. Management does not believe that the implementation of this statement will have a material effect on the financial statements.

In May 2020, GASB issued Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*, which postpones the effective dates of GASB Statement No. 84, 89, 90 and 91 by one year and GASB Statement No. 87 by 18 months; however, earlier application of the provisions addressed in GASB Statement No. 95 is encouraged and is permitted to the extent specified in each pronouncement as originally issued. Management has yet to ascertain whether implementation of these statements will be postponed as provided in GASB Statement No. 95.

We have evaluated the significant qualitative aspects of the State's accounting practices, including accounting policies, accounting estimates and financial statement disclosures and concluded that the policies are appropriate, adequately disclosed, and consistently applied by management.

## **ACCOUNTING ESTIMATES**

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are ordinarily based on knowledge and experience about past and current events and on assumptions about future events. Significant accounting estimates reflected in the State's 2019 financial statements include management's estimate of the allowance for uncollectible accounts, which is determined based upon past collection experience and aging of the accounts, and management's estimate of depreciation expense, which is based on estimated useful lives of the respective capital assets. During the year ended September 30, 2019, we are not aware of any significant changes in accounting estimates or in management's judgments relating to such estimates.

## **UNCORRECTED MISSTATEMENTS**

Our audit of the financial statements was designed to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement, whether caused by error or fraud. We have attached to this letter, as Appendix B to Attachment I, a summary of uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period that we presented to management and were determined by management to be immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

## **CORRECTED MISSTATEMENTS**

Misstatements were brought to the attention of management as a result of our audit procedures and were corrected by management during the current period and are listed in Appendix A to Attachment I.

## **DISAGREEMENTS WITH MANAGEMENT**

We have not had any disagreements with management related to matters that are material to the State's 2019 financial statements.

## **OUR VIEWS ABOUT SIGNIFICANT MATTERS THAT WERE THE SUBJECT OF CONSULTATION WITH OTHER ACCOUNTANTS**

We are not aware of any consultations that management may have had with other accountants about auditing and accounting matters during 2019.

## **SIGNIFICANT FINDINGS OR ISSUES DISCUSSED, OR SUBJECT OF CORRESPONDENCE, WITH MANAGEMENT PRIOR TO OUR RETENTION**

Throughout the year, routine discussions were held, or were the subject of correspondence, with management regarding the application of accounting principles or auditing standards in connection with transactions that have occurred, transactions that are contemplated, or reassessment of current circumstances. In our judgment, such discussions or correspondence were not held in connection with our retention as auditors.

## **OTHER SIGNIFICANT FINDINGS OR ISSUES ARISING FROM THE AUDIT DISCUSSED, OR SUBJECT OF CORRESPONDENCE, WITH MANAGEMENT**

Throughout the year, routine discussions were held, or were the subject of correspondence, with management. In our judgment, such discussions or correspondence did not involve significant findings or issued requiring communication to the Office of the Governor.

## **SIGNIFICANT DIFFICULTIES ENCOUNTERED IN PERFORMING THE AUDIT**

In our judgment, we received the full cooperation of the State's management and staff and had unrestricted access to the State's senior management in the performance of our audit.

## **MANAGEMENT'S REPRESENTATIONS**

We have made specific inquiries of the State's management about the representations embodied in the financial statements. In addition, we have requested that management provide to us the written representations the State is required to provide to its independent auditors under generally accepted auditing standards. We have attached to this letter, as Attachment I, a copy of the representation letter we obtained from management.

## **MODIFICATION TO OUR OPINION**

As discussed in Note 12 to the financial statements, the State has not recorded a liability for land leases and related claims payable in the governmental activities and the General Fund and, accordingly, has not recorded an expenditure/expense for the current period change in that liability. Accounting principles generally accepted in the United States of America require that liabilities incurred attributable to services already rendered and that are not contingent upon a specific event that is outside of the control of the State be accrued as liabilities and expenditures/expenses, which would increase the liabilities, decrease net position, and change the expenses of the governmental activities and increase the liabilities, increase fund deficit, and change the expenditures of the General Fund. The amount by which this departure would affect the liabilities, net position and expenses of the governmental activities and the liabilities, fund deficit, and expenditures of the General Fund is not reasonably determinable.

## **EMPHASIS-OF-MATTERS PARAGRAPHS**

### *Receivables from the FSM National Government*

As discussed in Note 3 to the financial statements, the State is in discussions with the FSM National Government to determine the ultimate collectability of certain receivables due from the FSM National Government in consultation with federal grantor agencies arising from Compact sector grant transactions.

### *COVID-19*

As discussed in Note 12 to the financial statements, the State has determined that the COVID-19 pandemic may negatively impact its result of operations and net position. The State is unable to reasonably estimate its ultimate financial impact.

Our opinion is not modified with respect to these matters.

## **CONTROL-RELATED MATTERS**

We have issued a separate report to you, also dated December 26, 2020, on the State's internal control over financial reporting and on its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters, which was based on the audit performed in accordance with *Government Auditing Standards*. We have also issued a separate report to you, also dated December 26, 2020, involving the State's compliance with requirements applicable to each major program and on internal control over compliance in accordance with the Uniform Guidance. Within those reports, we noted certain matters that were considered to be material weaknesses and significant deficiencies under standards established by the American Institute of Certified Public Accountants.

We have communicated to management in a separate letter dated December 26, 2020, other matters related to the States internal control over financial reporting that we identified during our audit.

Although we have included management's written responses to our comments, such responses have not been subjected to the auditing procedures applied in our audit of the basic financial statements and accordingly, we do not express an opinion or provide any form of assurance on the appropriateness of the responses or the effectiveness of any corrective actions described therein.

December 26, 2020

Deloitte & Touche LLP  
361 South Marine Corps Drive  
Tamuning GU 96913

We are providing this letter in connection with your audit of the financial statements of the governmental activities, the aggregate discretely presented component units, and each major fund, of the State of Chuuk (the "State"), as of and for the year ended September 30, 2019, which collectively comprise the State's basic financial statements for the purpose of expressing an opinion as to whether the basic financial statements present fairly, in all material respects, the financial position, results of operations or changes in fund balances, of the State in accordance with accounting principles generally accepted in the United States of America (GAAP).

We confirm that we are responsible for the following:

- a. The preparation and fair presentation in the basic financial statements of financial position of the governmental activities, the aggregate discretely presented component units, each major fund, in accordance with GAAP.
- b. The design, implementation, and maintenance of internal control:
  - Relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
  - To prevent and detect fraud.
- c. The review and approval of the financial statements and related notes and acknowledge your role in the preparation of this information. Specifically, we acknowledge that your role in the preparation of the financial statements was a matter of convenience rather than one of necessity. We have reviewed the financial statement preparation assistance provided by you and acknowledge that the financial statements are prepared in accordance with GAAP. Our review was based on the use of the financial statement disclosure checklist for general purpose financial statements obtained from the Government Finance Officers Association. Additionally, we agree with the adjusting entries included in Appendix A.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm, to the best of our knowledge and belief, the following representations made to you during your audit.

1. Except as discussed in the "Basis for Qualified Opinions on Governmental Activities and General Fund" paragraph described in your Independent Auditors' Report, the basic financial statements referred to above are fairly presented in accordance GAAP. In addition:
  - a. The financial statements include all component units as well as joint ventures with an equity interest, and properly disclose all other joint ventures and other related organizations.
  - b. Net position components (net investment in capital assets; restricted; and unrestricted) are properly classified and, if applicable, approved.
  - c. Deposits and investment securities are properly classified in the category of custodial credit risk.
  - d. Capital assets, including infrastructure assets, are properly capitalized, reported, and, if applicable, depreciated.
  - e. Required supplementary information is measured and presented within prescribed guidelines.
  - f. Applicable laws and regulations are followed in adopting, approving, and amending budgets.
  - g. The State's policy regarding whether to first apply restricted or unrestricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available, is appropriately disclosed and the related net position is properly recognized under the policy.
  - h. The financial statements properly classify all funds and activities, including special and extraordinary items.
  - i. All funds that meet the quantitative criteria in the Governmental Accounting Standards Board (GASB) Codification of Government Accounting and Financial Reporting Standards ("GASB Codification) Section 2200.159 for presentation as major are identified and presented as such and all other funds that are presented as major are particularly important to financial statement users.
  - j. Expenses have been appropriately classified in or allocated to functions and programs in the statement of activities, and allocations have been made on a reasonable basis.
  - k. Revenues are appropriately classified in the statement of activities within program revenues, general revenues, contributions to term or permanent endowments, or contributions to permanent fund principal.
  - l. The State has followed GASB Codification Section 1800.178 regarding which resources (restricted, committed, assigned, or unassigned) are considered to be spent for expenditures to determine the fund balance classifications for financial reporting purposes.
  - m. Interfund, internal, and intra-entity activity and balances have been appropriately classified and reported.
  - n. Fund balance restrictions, commitments, and assignments are properly classified and, if applicable, approved.

2. The State has provided to you all relevant information and access as agreed in the terms of the audit engagement letter.
3. The State has made available to you:
  - a. All financial records and related data for all financial transactions of the State and for all funds administered by the State. The records, books, and accounts, as provided to you, record the financial and fiscal operations of all funds administered by the State and provide the audit trail to be used in a review of accountability. Information presented in financial reports is supported by the books and records from which the financial statements have been prepared.
  - b. Contracts and grant agreements (including amendments, if any) and any other correspondence that has taken place with federal agencies.
4. There has been no:
  - a. Action taken by State management that contravenes the provisions of federal laws and Federated States of Micronesia laws and regulations, or of contracts and grants applicable to the State.
  - b. Communication from other regulatory agencies concerning noncompliance with or deficiencies in financial reporting practices or other matters that could have a material effect on the financial statements.
5. We believe the effects of any uncorrected financial statement misstatements aggregated by you during the current audit engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. A summary of such uncorrected misstatements has been attached as Appendix B.
6. The State has not performed a formal risk assessment, including the assessment of the risk that the financial statements may be materially misstated as a result of fraud. However, management has made available to you their understanding about the risks of fraud in the State and do not believe that the financial statements are materially misstated as a result of fraud.
7. We have no knowledge of any fraud or suspected fraud affecting the State involving:
  - a. Management.
  - b. Employees who have significant roles in the State's internal control.
  - c. Others, where the fraud could have a material effect on the financial statements.
8. We have no knowledge of any allegations of fraud or suspected fraud affecting the State's financial statements communicated by employees, former employees, analysts, regulators, or others.
9. There are no unasserted claims or assessments that we are aware of or that legal counsel has advised us are probable of assertion and must be disclosed in accordance with GASB Codification Section C50, *Claims and Judgments*, except as disclosed in Note 10 to the financial statements.

10. Significant assumptions used by us in making accounting estimates are reasonable.
11. We are responsible for the preparation of the Schedule of Expenditures of Federal Awards in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("OMB Uniform Guidance"). We have identified and disclosed all of the State's government programs and related activities subject to the OMB Uniform Guidance compliance audit. In addition, we have accurately completed the appropriate sections of the data collection form.
12. We are responsible for compliance with local, state, and federal laws, rules, and regulations, including compliance with the requirements of OMB Uniform Guidance, and the provisions of grants and contracts relating to the State's operations. We are responsible for understanding and complying with the requirements of the federal statutes, regulations, and the terms and conditions of federal awards related to each of the State's federal programs. We are responsible for establishing and maintaining the components of internal control relating to our activities in order to achieve the objectives of providing reliable financial reports, effective and efficient operations, and compliance with laws and regulations. We are responsible for maintaining accounting and administrative control over revenues, obligations, expenditures, assets, and liabilities.
13. We are responsible for establishing and maintaining, and have established and maintained, effective internal control over compliance for federal programs that provides reasonable assurance that we are managing federal awards in compliance with federal statutes, regulations, and the terms and conditions of the federal awards that could have a material effect on its federal programs.
14. We have disclosed to you all deficiencies in the design or operation of internal control over financial reporting identified as part of our evaluation, including separately disclosing to you all such deficiencies that are significant deficiencies or material weaknesses in internal control over financial reporting.
15. No events have occurred subsequent to September 30, 2019, that require consideration as adjustments to or disclosures in the schedule of federal awards and related notes or that existed at the end of the reporting period that affect noncompliance during the reporting period.
16. We have disclosed all known noncompliance with direct and material compliance requirements occurring subsequent to September 30, 2019.
17. No changes in internal control over compliance or other factors that might significantly affect internal control over financial reporting, including any corrective actions taken by the State with regard to significant deficiencies and material weaknesses in internal control over compliance, have occurred subsequent to September 30, 2019.
18. Federal awards expenditures have been charged in accordance with applicable cost principles.
19. The Reporting Package submitted to the Federal Audit Clearinghouse (FAC) as defined by the OMB Uniform Guidance section 2 CFR 200.512(3)(c) does not contain protected personally identifiable information.
20. We have disclosed all contracts or other agreements with service organizations.
21. We have disclosed to you all communications from service organizations relating to noncompliance with the requirements of federal statutes, regulations, and terms and conditions of federal awards at those organizations.

22. We have:
- a. Identified and disclosed to you the requirements of federal statutes, regulations, and the terms and conditions of federal awards that are considered to have a direct and material effect on each major program under audit.
  - b. Complied, in all material respects, with the direct and material compliance requirements identified above in connection with federal awards, except as disclosed in the Schedule of Findings and Questioned Costs
  - c. Identified and disclosed interpretations of any compliance requirements that have varying interpretations.
  - d. Made available all federal awards (including amendments, if any) and any other correspondence relevant to federal programs and related activities that have taken place with federal agencies or pass-through entities. Management has made available all documentation related to compliance with the direct and material compliance requirements, including information related to federal program financial reports and claims for advances and reimbursements. Federal financial reports and claims for advances and reimbursements are supported by the books and records from which the financial statements have been prepared and are prepared on a basis consistent with that presented in the Schedule of Expenditures of Federal Awards. The copies of federal program financial reports provided are true copies of the reports submitted, or electronically transmitted, to the federal agency or pass-through Entity, as applicable.
  - e. Identified and disclosed all amounts questioned and all known noncompliance with the direct and material compliance requirements of federal awards, including the results of other audits, program reviews, or any other communications from federal awarding agencies and pass-through entities concerning possible noncompliance related to the objectives of the audit.
  - f. Identified previous financial audits, attestation engagements, performance audits, or other studies related to the objectives of the audit and the corrective actions taken to address significant findings and recommendations, including the status of follow-up on prior audit findings (and information about all management decisions) by federal awarding agencies and pass-through entities.
  - g. Provided to you our views on the reported findings, conclusions, and recommendations for your report.
  - h. Monitored subrecipients to determine that they have expended subawards in compliance with federal statutes, regulations, and terms and conditions of the sub-award and have met the other pass-through entity requirements of OMB Uniform Guidance.
  - i. Issued management decisions for audit findings that relate to federal awards made to subrecipients. Such management decisions were issued within six months of acceptance of the audit report by the FAC. Additionally, we have followed up to determine whether the subrecipient has taken timely and appropriate action on all deficiencies detected through audits, on-site reviews, and other means that pertain to the federal award provided to the subrecipient from the State.
  - j. Considered the results of the subrecipient's audits and made any necessary adjustments to the State's own books and records.

23. We are responsible for follow-up on all prior-year(s) findings. We have prepared a summary schedule of prior-year findings by federal awarding agency and pass-through entity, including all management decisions, to report the status of our efforts in implementation of the prior-year's corrective action plan. The summary schedule of prior audit findings includes all findings required to be included in accordance with OMB Uniform Guidance.
24. We are responsible for taking corrective action on audit findings and have developed a corrective action plan that meets the requirements of OMB Uniform Guidance. We have included in the corrective action plan for current-year findings, the name of the person in our organization responsible for implementation of the actions, the best actions to be taken, and the estimate of a completion date. We have taken timely and appropriate steps to remedy fraud, illegal acts, violations of provisions of contracts or grant agreements, or abuse that you report.
25. Management has identified and disclosed to you all laws and regulations that have a direct and material effect on the determination of financial statement amounts.
26. We believe that we have properly identified, reported, and classified each component unit of the State and each organization that meets the criteria established in GASB Codification Section 2100, *Defining the Financial Reporting Entity*.
27. During the year ended September 30, 2019, the State implemented the following pronouncements:
- GASB Statement No. 83, *Certain Asset Retirement Obligations*, which addresses accounting and financial reporting for certain asset retirement obligations (AROs) associated with the retirement of a tangible capital asset.
  - GASB Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*, which improves the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements.

The implementation of these statements did not have a material effect on the State's financial statements.

28. In January 2017, GASB issued Statement No. 84, *Fiduciary Activities*, which establishes criteria for identifying fiduciary activities of all state and local governments. The provisions in Statement No. 84 are effective for fiscal years beginning after December 15, 2018. Management does not believe that the implementation of this statement will have a material effect on the financial statements.
29. In May 2017, GASB Issued Statement No. 86, *Certain Debt Extinguishment Issues*, which improves consistency in accounting and financial reporting for in-substance defeasance of debt. The provisions in Statement No. 86 are effective for fiscal years beginning after June 15, 2017. Management does not believe that the implementation of this statement will have a material effect on the financial statements.
30. In June 2017, GASB issued Statement No. 87, *Leases*, which establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. The provisions in Statement No. 87 are effective for fiscal years beginning after December 15, 2019. Management has yet to determine whether the implementation of this statement will have a material effect on the financial statements.

31. In June 2018, GASB issued Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*, which requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. The provisions in Statement No. 89 are effective for fiscal years beginning after December 15, 2019. Management does not believe that the implementation of this statement will have a material effect on the financial statements.
32. In August 2018, GASB issued Statement No. 90, *Majority Equity Interests – an Amendment of GASB Statements No. 14 and No. 61*, which improves the consistency and comparability of reporting a government’s majority equity interest in a legally separate organization and the relevance of financial statement information for certain component units. The provisions in Statement No. 90 are effective for fiscal years beginning after December 15, 2018. Management does not believe that the implementation of this statement will have a material effect on the financial statements.
33. In May 2019, GASB issued Statement No. 91, *Conduit Debt Obligations*, which clarifies the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. The provisions in Statement No. 91 are effective for fiscal years beginning after December 15, 2020. Management does not believe that the implementation of this statement will have a material effect on the financial statements.
34. In May 2020, GASB issued Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*, which postpones the effective dates of GASB Statement No. 84, 89, 90 and 91 by one year and GASB Statement No. 87 by 18 months; however, earlier application of the provisions addressed in GASB Statement No. 95 is encouraged and is permitted to the extent specified in each pronouncement as originally issued. Management has yet to ascertain whether implementation of these statements will be postponed as provided in GASB Statement No. 95.

Except where otherwise stated below, matters less than \$222,400 collectively for the governmental activities, \$67,400 collectively for the General Fund, \$160,400 collectively for the Grants Assistance Fund, \$152,600 collectively for the Compact Trust Fund, and \$920 collectively for Other Governmental Funds are not considered to be exceptions that require disclosure for the purpose of the following representations. These amounts are not necessarily indicative of amounts that would require adjustment to, or disclosure in, the basic financial statements.

35. Except as listed in Appendix B, there are no transactions that have not been properly recorded and reflected in the financial statements.
36. The State has no plans or intentions that may affect the carrying value or classification of assets and liabilities.
37. Regarding related parties:
  - a. We have disclosed to you the identity of the State’s related parties and all the related party relationships and transactions of which we are aware.
  - b. To the extent applicable, related parties and all related-party relationships and transactions, including sales, purchases, loans, transfers, leasing arrangements,

and guarantees (written or oral) have been appropriately identified, properly accounted for, and disclosed in the financial statements.

38. In preparing the financial statements in accordance with GAAP, management uses estimates. All estimates have been disclosed in the financial statements for which known information available prior to the issuance of the financial statements indicates that both of the following criteria are met:
  - a. It is reasonably possible that the estimate of the effect on the financial statements of a condition, situation, or set of circumstances that existed at the date of the financial statements will change in the near term due to one or more future confirming events.
  - b. The effect of the change would be material to the financial statements.
39. Risks associated with concentrations, based on information known to management, that meet all of the following criteria have been disclosed in the financial statements:
  - a. The concentration exists at the date of the financial statements.
  - b. The concentration makes the State vulnerable to the risk of a near-term severe impact.
  - c. It is at least reasonably possible that the events that could cause the severe impact will occur in the near term.
40. There are no:
  - a. Instances of identified or suspected noncompliance with laws, regulations, or provisions of contracts or grant agreements whose effects should be considered when preparing the financial statements, or other instances that warrant the attention of those charged with governance
  - b. Known actual or possible litigation and claims whose effects should be considered when preparing the financial statements that have not been disclosed to you and accounted for and disclosed in accordance with GAAP.
  - c. Known actual or likely instances of abuse that have occurred that could be quantitatively or qualitatively material to the financial statements.
  - d. Other liabilities or gain or loss contingencies that are required to be accrued or disclosed by GASB Codification Section C50, *Claims and Judgments*, except as discussed in Note 10 to the financial statements.
41. The State has satisfactory title to all owned assets, and there are no liens or encumbrances on such assets nor has any asset been pledged as collateral, except as discussed in Notes 1K and 6 to the financial statements.
42. The State has complied with all aspects of contractual agreements that may affect the financial statements.
43. No department or agency of the State has reported a material instance of noncompliance to us.
44. The State has identified all derivative instruments as defined by GASB Codification Section D40, *Derivative Instruments*, and appropriately recorded and disclosed such derivatives in accordance with GASB Codification Section D40.
45. Other than that described in Note 12 to the financial statements, no events have occurred after September 30, 2019, but before December 26, 2020, the date the

financial statements were available to be issued that requires consideration as adjustments to, or disclosures in, the financial statements.

46. Regarding required supplementary information:
  - a. We confirm that we are responsible for the required supplementary information.
  - b. The required supplementary information is measured and presented in accordance with GASB Codification Section 2200, *Comprehensive Annual Financial Report*.
  - c. The methods of measurement and presentation of the supplementary information have not changed from those used in the prior period.
47. Regarding supplementary information:
  - a. We are responsible for the preparation and fair presentation of the supplementary information in accordance with GASB Codification Section 2200, *Comprehensive Annual Financial Report*.
  - b. We believe the supplementary information, including its form and content, is fairly presented in accordance with GASB Codification Section 2200, *Comprehensive Annual Financial Report*.
  - c. The methods of measurement and presentation of the supplementary information have not changed from those used in the prior period.
48. Receivables recorded in the financial statements represent valid claims against debtors for sales or other charges arising on or before the balance-sheet date and have been appropriately reduced to their estimated net realizable value.
49. Stale-dated checks still recorded in the State's records as of September 30, 2019 are in the process of being reconciled and assessed for validity by the State's management.
50. Management of the State believes that it is in compliance with all significant limitations and restrictions of the Asian Development Bank loan covenants as of September 30, 2019.
51. We have appropriately identified and properly recorded and disclosed in the financial statements all interfund transactions, including repayment terms.
52. Arrangements with financial institutions involving compensating balances or other arrangements involving restrictions on cash balances, line of credit, or similar arrangements have been properly disclosed in the financial statements.
53. Financial instruments with significant individual or group concentration of credit risk have been appropriately identified, properly recorded, and disclosed in the financial statements.
54. Management is in discussion with the FSM National Government to determine the ultimate collectability of certain receivables due from the FSM National Government in consultation with federal grantor agencies arising from Compact sector grant transactions. Management believes that the recorded balances are correct.
55. The State is exposed to various risks of loss related to torts; theft of damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. It is the policy of the primary government not to purchase commercial insurance for the risks of loss to which it is exposed. Instead, the State

management believes it is more economical to manage its risks internally. In the event of claim settlements and judgments, the State reports all of its risk management activities in its General Fund. Claims expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported. No losses have occurred as a result of these risks in any of the past three fiscal years.

56. No evidence of fraud, possible irregularities, or dishonesty in fiscal operations of federal programs administered by the State has been discovered.

Very truly yours,

---

Mr. Tesime Kofot  
Director of Administration Services

Chuuk State Government  
List of Corrected Misstatements  
September 30, 2019

## APPENDIX A
