

THE FIGHT AGAINST CORRUPTION CONTINUES

The Office of the National Public Auditor in Palikir wishes to congratulate Ms. Sophia Pretrick, CFE, our former Chief Investigator and currently the Investigative Advisor of the Pohnpei State Office of the Public Auditor, who was recognized as a Champion of Anticorruption by the U.S Secretary of State Antony J. Blinken under the International Anticorruption Champions Award that *“recognize individuals who have demonstrated leadership, courage, and impact in preventing, exposing, and combating corruption.”*

Our organization believes that the 5 Public Audit offices in our island nation are not alone in this cause as we strive to improve accountability of our Governments through the work that we do. Join us in this great cause and contribute to a better future for our children.
