

2nd Annual Team Capacity Building Workshop for ONPA Employees

ONPA’s second annual team capacity building workshop was held on July 9, 2021, at the Nihco Marine Park. The theme for this year’s workshop was “Communication”. Despite the rainy weather, we were able to carry out most of our planned activities which included an update presentation from last year’s workshop, several communication exercises and discussions of employee incentives. Overall, the workshop was a success as we enhanced teamwork to achieve ONPA’s mission: ***“We conduct audits and investigations to improve good governance and prevent fraud, waste and abuse for the public's benefit”***.
