

## **ONPA COMPLETED ITS THIRD OUTREACH ACTIVITY FOR 2022**

**Theme: "Improving Government Transparency & Accountability Together!"**

On December 04, 2022, the Outreach Committee carried out its third activity at the Nan U Community Church in U municipal. The event was coordinated between the ONPA outreach committee and the Pohnpei State Public Auditor (Iso Nahnken en U) who graciously granted the request of the ONPA team.

The Outreach Program is an activity of the ONPA to reach out to its stakeholders and deliver key messages of accountability, transparency and good governance to the communities.

Similar to the last events, the recent outreach consisted of a slideshow presentation on the duties & responsibilities and outputs of the ONPA, including the two latest reports ( CFSM Road Project and the Ban of Styrofoam & Plastics). A lot of the community members of Nan U were a little skeptical and unsure of the program, however, after the presentation they expressed a better understanding of the purpose of the program and the functions of ONPA as a whole. Awareness materials like t-shirts, lanyards, and stickers were also distributed at the venue; which were labeled with the theme above.

To enhance the engagement visit, the committee members also attended the church service before proceeding with their presentation. The ONPA expresses its sincere appreciation to the Pohnpei State Public Auditor, his staff and his Nan U Church community for a very warm welcome and a wonderful feast hosted by the church community members.

The Team is looking forward to the next outreach activity that will be held on December 11, 2022 at Kamar, Nett Municipality and we invite members of the public to join us in this engagement.
